VILLA'S RULE TYRANNICAL

NEITHER NATIONALITY RESPECTED AT CHIHUAHUA—LEVIES HEAVY CONTRIBUTIONS.

El Paso, Tex., Dec. 15.—Americans, Germans and Spaniards who arrived today from Chihuahua, Mexico, report that Francisco Villa, the revolutionary leader, virtually has constituted himself dictator there and that he refused to heed the request of representatives of foreign Governments.

The refugees asserted that Villa had seized \$5,000,000 worth of property belonging to foreigners, had put to death about twenty Mexican civilians, including Sergio Sanchez, a lawyer and former State official, and had commanded the American, German and British Consuls to obey his orders.

The happenings in Chihuahua since Villa occupied the city on its evacuation by Federal troops as told by the refugees, who numbered 1,000, were: Villa seized a large department store valued at \$1,500,000 and owned by French, German, English and Spanish interests, but chiefly by Spanish, and placed in command of the store Gen. Chao, a revolutionary leader.

He also seized a brewery, a clothing factory and all the grocery and other stores owned by Spaniards valued at \$3,500,000.

He called a meeting of merchants of all nationalities and told them they must pay him large sums of money aggregating several millions of dollars, to support the revolution. He gave orders that the so-called Constitutionalist money should be accepted as currency.

Villa's expulsion of citizens of Spain all of whom were progressive merchants, was on pain of death. He at first informed them they must be out of the country within five days, but later, after an appeal by Harry Scobell, the British Vice Consul, he extended the time to ten days. None of the Spaniards was allowed to take anything except personal effects and all were told never to return.

The capture and imprisonment of Luis Terrazas Jr., son of a rich land owner, was after Terrazas had sought refuge in the British Vice Consulate unless Terrazas was released.

Marion Letcher, United States Consul, was asked by the foreigners to protect them. Mr. Letcher attempted to send a cipher message to the state department, but was informed by Villa that no cipher messages would be permitted on the telegraph.

Villa then informed the foreign consuls in a body that they would have to obey his orders.

Otto Kueck, German Consul, protested to Villa against the exaction of tribute from Germans. Villa threatened Kueck, saying the latter would be escorted to the border if he persisted in his protests. A store in which Kueck was interested was required to pay \$30,000. All homes and property of the expelled Spaniards were appropriated to the personal use of the revolutionists.

The expulsion of Spanish nuns and priests was complete, except that the bishop, a Spaniard, was allowed to remain.

WEATHER FORECAST

Washington, Dec. 14.—No indications of a cold wave to cross the country this week can be seen at present. The Weather Bureau said tonight in its weekly forecast. Continuation of temperatures near or above the seasonal average is predicted with precipitation generally light and local over most of the country.

"The next disturbance of importance to cross the country," the bulletin said, "will appear in the far West Monday or Tuesday and pass thence along the northern border to the St. Lawrence Valley by Thursday, attended by rains and snows in the Northern States."

"Another disturbance will develop over the western plateau Thursday or Friday and prevail over the Middle West at the close of the week; this disturbance in all probability will be attended by general precipitation and be followed by decidedly colder weather which will appear in the Northwest at the close of the week."

A CALL TO THE CITIZENS OF ADA

Perhaps the best time of the year and shall I say the happiest time of the year is here and will reach its climax—about twelve o'clock the night of the twenty-fourth of this month when old Saint Nicholas will be climbing down the chimneys with his bundle of toys, nuts, candies and fruits.

Yes, best because it is the happiest time of the year; best because there are a larger number of men and women, boys and girls with bright and joyous faces, than at any other season of the year. It is a season of joy for the boys and girls (most of them) and a season of blessing to each of us, because of glad hearts. It is the season of the year when all real boys and girls are spending all of their spare time before the windows and counters where old Santa Claus has goods on display, wondering if he will remember them with the pop gun or doll they have selected.

Now your boy and girl will not be disappointed, but think of the many boys and girls in Ada who will be disappointed unless we remember them with nuts, candy, etc.

At a meeting of representative citizens last Thursday it was decided after quite a discussion of many plans that a Christmas Tree at the city hall would be the most satisfactory and pleasing way of reaching these boys and girls.

Now our call. Not only for money, but for every boy and girl young and old who want to help in this great work to prepare something to eat of

More than eighty percent of the newspapers that have expressed a choice for governor have named R. L. Williams as their choice. If they reflect the sentiment of the country Judge Williams will have a walk away. —Chandler Tribune.

The Ardmoreite came out Sunday with a 36-page industrial edition that is a real hummer. The resources of Oklahoma in general, and of the territory tributary to Ardmore in particular, were never exploited to better advantage. The fact is that this edition is just a reflection of the general era of prosperity upon which Ardmore has entered. The old town is taking on new life and is fortunate in having a paper like the Ardmoreite to help spread it over more of the map.

The Ada News published a most excellent, artistic and exhaustive special edition last week which reflects credit on the management of that excellent periodical and also speaks volumes for the enterprise and any public spirit of the citizens and professional and business men of Ada. —Coalgate Leader-Democrat.

The Republican national committee has declared in favor of a change in the basis of representation at the national convention. The new plan provides for representation on a basis of the vote cast in the several states. This will have the effect of increasing the voting strength of a number of the northern states in the convention and cutting down the vote from the southern states. It strikes us that this is a move in the right direction and one the Democrats would do well to follow. It is only fair that the states which poll the most votes are the ones that should have the greatest voice in the convention.

MAKE OTHERS HAPPY

There is more joy in giving than receiving, especially if by giving one makes a child happy. The child has a rugged old road ahead of him in life, and it is always well to give him what innocent pleasure possible

during his early days so that he may carry with him pleasant memories of childhood, as he trudges along a pathway where all is not flowers.

The Christmas spirit is abroad in the land. In many cities the order of Good Fellows is doing active work in raising funds to help make others happy, and they could find some work here, also. The Christmas tree at the city hall will need some funds and that will give another opportunity to help. This is not a matter of charity but just a move to spread gladness abroad in the land. We hope to see a strong manifestation of the spirit.

SANE UNIONISM.

While the Socialists and others are discussing the question of government old age pensions, the Union printers of America have solved the question for themselves. Not only does the Union provide pensions for the veterans of the craft, but it also maintains a home where they may spend their old age in comfort with

IF KIDNEYS AND BLADDER BOTHER

Take Salts to flush kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

no occasion to worry about their daily bread and raiment. Also, in connection with the home a tuberculosis hospital has been established and many a poor printer has been saved from what would otherwise have meant certain death.

This home is located at Colorado

donations of \$5,000 each from George W. Childs, editor of the Philadelphia Ledger, and A. J. Drexel, the great banker, and the bonus given by Colorado Springs to secure the location of the home. By paying a few cents per week the Union man is insuring himself against possible misfortune and against any chance of having to appeal to charity. He knows that if the time comes when he is no longer able to support himself he has a home which he himself has already helped to pay for and that a welcome awaits him when he desires to enter it and no taint of charity is attached to his acceptance of its bounty, for he has paid his money during his time of prosperity for this very purpose.

Not only do the printers thus provide for their old age, but they also make provision in case of death. On the death of a Union printer a funeral benefit of \$75 is paid and also \$500 to his family, thus relieving their immediate needs if the head of the house should be unexpectedly taken from them.

This is our idea of unionism. It maintains the self-respect of the members and gives them something of which they have a just cause to be proud. Very few people have a \$1,000,000 home in which to spend their old age, but the Union printer has. This enterprise is one that is worthy of being followed by other unions. If this is done a great deal of suffering and misery among the aged will be prevented.

Mrs. C. A. Galbraith was in charge of the lesson at the regular meeting of the Philomathean club in the library Friday afternoon. Mrs. John Threadgill gave an educational report telling of the many girls that are taking advantage of the fund that the state federation has put aside to be used for that purpose. The club took up the study of the artists of Norway. Mrs. Galbraith opened the program with a brief talk on the life of Munch, who was one of the artists of Norway. Mrs. George Fredrickson told of Christian and Per Krohg, who were father and son. Per Krohg, the son, was the first artist of Norway to follow the modern schools of art, and Christian Krohg was a writer as well as an artist. Master Charles Stiles, Jr., was the only guest of the afternoon. The next meeting will be Friday, January 2, in the library. — Oklahoma City Times.

Murder Trial Begins in Tampa.

Tampa, Fla., Dec. 15.—A dispute over a razorback hog that was probably worth less than one dollar led to the arraignment of C. M. Williams, living near Plant City, in the circuit court here today to stand trial on an indictment charging him with first degree murder. Williams' alleged victim was B. B. Beatty, one of his near neighbors. The two men had quarreled over the merits of the hog and had been brought into court on a trivial charge. The cases against them were dismissed, but bad blood still existed between the two and the first time they met there was a duel with revolvers. Beatty was shot dead and Williams was shot in the thigh and seriously wounded. Williams maintains that he killed Beatty in self-defense, shooting only after Beatty had knocked him down and clubbed him over the head with the butt end of his revolver.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., Dec. 13.—The first steps looking to a reorganization of the Republican party and a restoration of party harmony will be taken Tuesday, when the Republican national committee will meet in Washington pursuant to the call issued by Chairman Hilles last October. The committee meeting is expected to arrange for a national convention to revise the rules of the party. The principal changes demanded are in the basis of representation from the Southern States at national conventions and in the method of electing delegates from States that have primary laws covering that subject. The national convention probably will be called for the spring or early summer of next year. Nothing has been decided as to a convention city. Cincinnati, Detroit, Chicago, Indianapolis Philadelphia and Washington will put in applications for the convention.

Everything in and around the White House has been put in the best possible order in readiness for the opening of the first social season under the Wilson administration. The initial event will be the Cabinet dinner Thursday evening and the season will close with the army and navy reception on Thursday, February 15.

Secretary Houston will conduct a public hearing at the offices of the Department of Agriculture Thursday in order that all persons interested in the importation of the common, or Irish potato from Canada and Europe may be heard concerning the establishment of a quarantine, to be effective January 1, 1914, forbidding the importation of potatoes from these foreign countries. The object of the proposed quarantine is to prevent the introduction into the United States of the powdery scab and other diseases which might seriously affect the potato production of the United States.

All of the labor unions of Colorado have been invited to send delegates to a convention to be held in Denver Tuesday to consider the question of calling a statewide sympathetic strike in support of the United Mine Workers of America, now on strike in the Colorado coal fields.

Friday is the day set for the execution of Harry Spencer, whose arrest in Chicago and subsequent confession of numerous murders, robberies and other crimes startled the country some months ago. Spencer is to be executed at Wheaton, Ill., near which place he robbed and murdered Mrs. Mildred Allison Rexroat, a "tango" teacher, on September 26 last, for which crime he was tried and convicted.

The United States has undertaken to aid the Dominican Republic in holding a free and fair election Monday to choose a new constituent assembly. American Minister Sullivan has notified the leaders of the several political factions of the intention of the United States government to see that the islanders have every opportunity of expressing their political preference. The gunboat Dolphin, official ship of the Secretary of the Navy, has been ordered to remain in Dominican waters until after the election.

A Pretty Social Event.

One of the prettiest affairs of the season was a "snow storm" given Saturday, Dec. 13, by Mrs. A. M. Bailey, in honor of Miss Emily Lane, who is to be married in January.

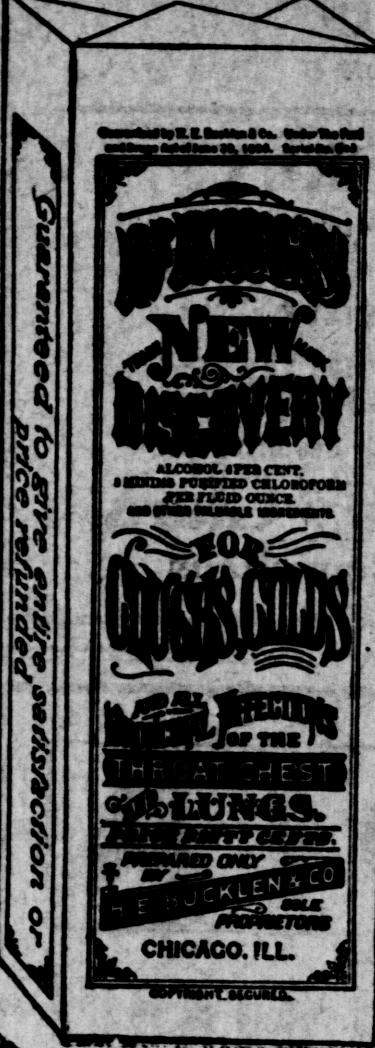

The house was tastily decorated with growing plants and Xmas suggestions. A soft red light shedding a glow of splendor over all. Music was enjoyed throughout the occasion. Special renditions by Misses Thompson, Johnson, Lane and Mrs. Barringer.

After an hour spent in playing games, dainty refreshments were served, the hostess being assisted in serving by Misses Polly Standfield and Carrie Mae Swaffar. Appropriate and spicy toasts were given by Misses Edna Stanfield, Mmes. Ellison and Bailey.

Then we were made to shiver by the falling of snow flakes which filled the air of the room. As the bride-elect pulled the chord, which hung from a bell above numerous snow balls fell upon the table. From these balls she extracted many beautiful handkerchiefs. Miss Lane is one of our popular public school teachers and her many friends regret that she will not be with us after Xmas.

Masons Honor Washington's Memory. Fredericksburg, Va., Dec. 13.—A delegation from the Masonic Lodge of this city will visit Mount Vernon tomorrow to place a wreath on the tomb of George Washington, this being the annual custom of the lodge at each anniversary of the death of the first president. It was in the Fredericksburg lodge that General Washington was made a Mason. The lodge is still in possession of the records of the meeting at which he received his degree and of the ritual on which he was initiated.

GINNERS REPORT FOR PONTOTOC COUNTY

The ginner's report issued by the government gives the total number of bales ginned in Pontotoc county to December 1, as 22,465.

At the same date in 1912 the total was 21,630. Indications are that the season's total for this county will be fully up the mark for 1912 when about 25,000 bales were ginned.

DURANT ARRANGING NEXT YEAR'S SCHEDULE

Durant, Okla., Dec. 12.—Flushed with the victory as the champions of the Oklahoma state normal schools and with the fact that they played the higher teams to a standstill and beat the Dallas university, the Southeastern football aggregation is preparing a schedule for 1914 that will tax them to the limit.

Manager Dodson has sent out letters asking for games with the Texas A. and M., Austin college, T. C. U., all of Texas, and the Oklahoma university, A. and M. of Oklahoma and Edmond normal.

Of course Southeastern will have the usual games with Ada and Tahlequah but the team is going after the bigger teams next year. After the great showing made it was conceded that Southeastern outranked either Austin college or T. C. U. and could easily be classed along side the A. and M. teams of either Texas or Oklahoma.

To Try Alleged Grafters.

Nyack, N. Y., Dec. 13.—The cases of Bart Dunn, a Tammany leader, and others under indictment for alleged graft in the construction of state highways in Rockland county, will be called for trial Monday before Justice Tompkins in the Supreme Court. The indictments were found several months ago as the result of a long inquiry under the direction of Justice Kapper.

Oldest School to Celebrate.

Boston, Mass., Dec. 15.—One thousand graduates of the Boston Latin school, some of them coming from distant parts of the country, are expected to attend the anniversary dinner to be given at the Hotel Somerset tomorrow night. The Boston Latin school is not only the oldest existing in the United States, but is the oldest free school in the world. Its foundation dates back to 1635, only a few years after a permanent settlement was made in Boston. It is supposed that the famous John Cotton was instrumental in its founding, for he left half his estate to the school. Among the earlier graduates of the institution were five signers of the Declaration of Independence—John Hancock, Samuel Adams, Benjamin Franklin, William Hooper and Robert Treat Paine. The dinner tomorrow night will be the first that has ever been held in the history of the school.

MEXICAN REVOLUTION COSTS

MORMONS \$10,000,000
Los Angeles, Dec. 13.—Revolution in Mexico has cost Mormon colonists from the United States more than \$10,000,000. This was the statement credited today to President Joseph Smith, of the Mormon church.

The church head said he favored a plan for the exiled colonists to settle where they now are—in Arizona and Southern California—instead of returning to Mexico when conditions permitted.

"The flower of our countries was in Mexico," President Smith said. "Our people had labored there for a quarter of a century and achieved wonderful results. They were forced to give up whole towns and cities—their houses and churches, worth more than \$10,000,000."

E. D. Hinkle was in from Bebees this morning and while here bought four copies of the News booster edition to send to people who should know more of this section.

WOULD REDUCE SIZE OF AGRICULTURAL BOARD

Oklahoma City, July 2.—The people of the state will have another opportunity on August 5 to vote on the recall of the present board of agriculture, not in the same form as that offered in the last election through Senator Campbell Russell's famous initiated bill, "No. 23," but in an entirely different form. The resolution by Senator Barrett of Shawnee, which passed both branches of the legislature Monday night by a unanimous vote, providing for the reference to a vote of the people a proposed constitutional amendment reducing the size of the board from eleven to five members, contains a provision, which, if adopted, will take away the jobs of at least six of the present members of the board and possibly the entire eleven.

The proposed new amendment provides that the board of agriculture shall be composed of five members, who shall serve in "lieu" of the present board, and if the amendment is adopted, under the general law of the state, the governor has the authority to name the board forthwith. Inasmuch as the bill will abolish the board as now constituted the governor under the authority given him to fill vacancies in elective offices will name the members of the new board.

Friends of the present board of agriculture in the legislature, utterly ignorant of the presence and meaning of the little words "lieu" stood by the bill and gave it their cordial support along with the avowed enemies of the board.

When the true meaning of the proposed amendment became known at the meeting of the board of agriculture Tuesday morning the various members gave vent to their feelings and expressed themselves in no uncertain way as to their opinion of Senator Campbell Russell and the legislature in general, it is said.

The governor may reappoint any of the present members of the board he sees fit, in the event the bill is adopted.

This will be the second time in a year that the recall of the board of agriculture has been voted on. A vote in favor of the adoption of the proposed new section is equivalent to a vote to recall the board.

The resolution originally was introduced by Senator Barrett who was assisted in putting it through by Senator Campbell Russell of Warner, president of the People's Power league, which backed the last initiated bill which recalled the former board. Commenting on the bill Tuesday night Senator Russell said:

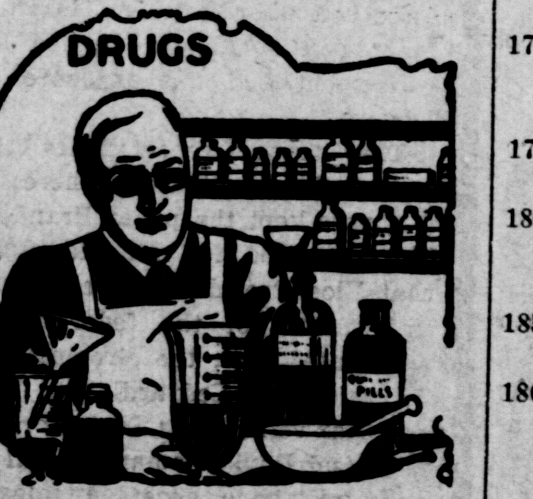

"The legislature certainly voiced the sentiment of the people in that vote. It was unanimous in both the house and the senate. I had to call the Skirvin and get one senator out of bed to make out thirty votes. I have yet to hear the first protest against the bill from anyone who is interested on personal grounds.

"You can't reduce a board from eleven down to five without someone losing a job. A few protests are unavoidable. We could never find a better opportunity. Right now while these suits are pending neither side can tell who will lose the job. Each side will be a little glad and a little sad but the public, like the legislature, will be unanimous."

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardul.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardul as a tonic, and, from the first day, it seemed to help.

I had almost lost my reason, but, thanks to Cardul, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardul acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardul. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways. Try it.

GRAND RALLY OF BRITISH BOY SCOUTS

Birmingham, England, July 2.—To demonstrate that recreation and amusement are not only aims of their organization the British Boy Scouts today opened their first Imperial Scout Exhibition at the Bingley Hall here. Seven thousand Scouts are quartered in the permanent camp loaned by Lord Glanusk, but it is expected that there will be over 30,000 boys at the final great rally on Saturday next, when General Sir Robert Baden-Powell will hold a review.

Prince and Princess Alexander of Teck, the former of whom is Queen Mary's brother, performed the opening ceremony today, and expressed themselves surprised and delighted at the scope of the exhibition and the versatility of the boys. They were presented with the first copy of the Daily Scout, a newspaper which will report the proceedings and the progress of the movement during the week.

The boys will do their own reporting, write special articles and "leaders," edit, sub-edit, set up the type, and print and publish the paper on the spot. The Daily Scout will have a special feature in news by wireless in readiness for which a wireless installation has been set up, both at Bingley Hall Park, four miles away where Saturday's review will be held.

Boxing, fencing, wrestling, and quarter-staff contests have been arranged by Rev. Everard Digby, London's "fighting parson," who is the Scouts' chaplain, as well as being a member of the National Sporting Club in addition to Scouts engaged in every kind of handicraft, there are Scouts who sing, play musical instruments, and perform old English dances.

One of the features of the exhibition will be the repair of a better cottage by Scouts, who mend gas and water pipes, fix up damaged shutters, attend to door locks, clean out flues, patch roofs, etc. Each squad of repairers dismantles the cottage for the next batch to operate upon. Hon. Roland Phillips, son of Lord St. Davids, is in charge of this section. The exhibition is of international character, for among the exhibitors and competitors, are scoutmasters and patrols from the United States, Australia, Canada, New Zealand, France, Germany, Italy, Spain, Austria, Denmark and Sweden.

Dr. Threlkeld's two daughters, Misses Grace and Hope, came in from St. Louis last week to spend their vacation with their parents.

Orel Busby came in Sunday and expects to stay about a week visiting his parents.

Dr. C. M. Means returned last Friday from a pleasure trip to Bromide. Banks Robertson who has been visiting his mother in Arkansas came home last Wednesday.

Miss Harrison of Stonewall, who has been visiting the Misses Barnetts returned to her home Saturday.

Several from here attended the picnic at Bromide the latter part of last week.

Miss Morgan of Calvin came down Sunday to spend a few days visiting friends.

R. M. Conkling, the lumberman, surprised his many friends here by returning from St. Louis with a wife. He bought a box of cigars and commenced to treat his friends as soon as he arrived in town. We wish Mr. and Mrs. Conkling much happiness and a long and prosperous married life.

Dr. W. B. Berninger and Cal. Edmonds of Atwood passed through here last Thursday on their way to Ada.

There will be no Fourth of July celebration here of any kind but most of our people will spend it in neighboring towns. The M. O. & G. will probably run a train at Atwood to accommodate all who wish to attend the picnic there.

This immediate neighborhood has failed to secure the rain that has fallen all around us and as a consequence the corn crop will almost be a failure but if rain would only fall in a few days there would be plenty of feed raised yet.

Attorney W. B. Toney went to Dustin Sunday to make a visit.

Mr. Templeman who has been visiting friends near here returned to his home in Holdenville last Friday.

Mrs. A. A. Caldwell left this week for Mississippi to spend her vacation and to visit her parents who live there.

ANOTHER GOOD CROP OF OATS REPORTED

Charley Floyd finished threshing his oat crop today. Ten acre averaged 40 bushels. Regar Floyd's 20 acres in the same field likewise averaged 40 bushels. The field adjoins the city limits on the north.

ADA BUSINESS HOUSES

WILL CLOSE JULY 4

As will be noted from an ad in this paper the union stores of Ada will close on the Fourth and give their employees the benefit of a holiday. Although there will be no special celebration of the day in Ada, several other places, notably Francis, Stonewall, Lightning Ridge and Konawa will pull off big picnics. Those who are unable to attend these will probably enjoy an outing nearer home.

Carter Introduces Dead Claim BILL

Washington, July 2.—Representative Carter of Oklahoma has recommended the appointment of J. C. Groves as postmaster at Porum, Ok., a presidential office.

Mr. Carter has reintroduced his dead claim bill, the purpose of which is to settle the controversy between the federal department and the Oklahoma courts as to jurisdiction of inherited estates in cases where the allottee died prior to the passage of the restriction act of May 27, 1908.

It has been the contention of Mr. Carter that the act of May 27, 1908, gave the Oklahoma courts full and final jurisdiction and both the Oklahoma Supreme Court and Federal Court of the Eastern District of Oklahoma have so decided.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle is Woman's
Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should. The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation. There is no nausea, no morning sickness, no nervous trying, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

THE MEXICAN SITUATION

WASHINGTON AWAIT'S ARRIVAL
OF AMBASSADOR WILSON
WITH EAGERNESS.

Washington, July 17.—The sensational story that a foreign government has asked this country what its course in Mexico will be and whether this government will be responsible for the outcome of the Mexican situation was officially exploded today.

The explanation which was vouchsafed at the White House and at the State Department of the recent meeting of diplomats in the City of Mexico and of the alleged representations by a foreign country accounts for the calm view which the administration takes of the Mexican situation. The official view of the recent developments is that a few days ago four representatives of foreign governments in the City of Mexico advised their respective governments of their impressions of the state of affairs in that country, and that one of the governments so advised transmitted to the American government the information given it by its Minister in Mexico.

According to the official version, there was no representations, no in-

quiry and no intimation from any foreign government as to the duty or policy of this country toward the Huerta regime. The action of the four foreign Ministers in Mexico is ascribed to an excusable feeling of nervousness on the part of foreigners sitting over the Mexican political volcano.

At the White House the summoning of Ambassador Wilson is treated in the most delicate way. President Wilson, it was said, is seeking a fuller light on the details of the Mexican situation than has been conveyed in Ambassador Wilson's letters and dispatches, but it was said that perhaps the Ambassador has valid reasons for his course.

At the state department it was learned that it is assumed Ambassador Wilson must have had full knowledge of the meeting and plans of the foreign Minister in Mexico, yet the Ambassador failed to advise the department of this development.

From intimations from various official sources the impression is unavoidable that the darkness in the Mexican situation which President Wilson hopes to have dispelled by the personal conference with Ambassador Wilson relates not so much to the revolutionary status in that troubled country as to points in the stewardship of Ambassador Wilson himself that remain to be cleared up.

An effort to learn whether the Ambassador will return to Mexico after his conference with the President resulted in the vague answer, "That depends on the result of the conference." It was also officially admitted that Bayard Hale, who is making newspaper investigations in Mexico is making private and unofficial reports to President Wilson and has sent several telegrams.

The department of state today received further detailed information as to the progress of the revolution. The Consul General at Tampico reports that he is in daily communication with Dario Sanchez and Otto Winters and everything is being done to hasten their liberation. Nothing serious is proven against either, but the slow proceedings of a military court have occasioned delay.

A report reaching City of Mexico is to the effect that the Carranzista army has been completely defeated in Coahuila and a brother of the leader killed. From the south reports indicate improved conditions continue to be received.

Dissensions are reported among the bands of marauders in the neighborhood of Frontera, but the American plantations in the vicinity have not as yet been molested.

A telegram from Durango, dated July 9, has been received at the state department indicating deplorable conditions as a result of the occupation of the city by the revolutionary forces under Gen. Urbina. Citizens without distinction of nationality are being placed under arrest and held for ransom. Among these the archbishop is mentioned.

The northern portion of the state of San Luis Potosi is reported in the possession of the revolutionists, including control of the railroad to the north of Wadley.

THE Melting of Molly

By
MARIA THOMPSON
DAVIES

Copyright, 1912, by the Bobbs-Merrill Company

SYNOPSIS

The teller of the story, Molly Carter, a young widow, awaiting the return of Al Bennett, an old flame, who is now a distinguished diplomat, tries to reduce weight. Her physician, adviser and next door neighbor is Dr. John, a widower and father of young Billy, whom Molly loves.

Molly is surprised at play with Billy by Judge Wade, who is the most dignified and able man in Hillsboro. Billy comes over from next door with his father.

Hillsboro receives a visit from Ruth Chester, a friend of Bennett, and Molly finds her delightful. Molly goes to the city for an outfit of clothing.

(Continued From Wednesday's Daily)

But at whom do you suppose she looked? Not me! Miss Chester! That was cold tub No. 2 for that day, and I didn't react as quickly as I might, but when I did I was in the proper glow all over. When I revived and saw the lovely pale blush on her face I felt like a cabbage rose beside a teabud. I was glad Aunt Adeline came out on the porch just then so I could go in and tell Judy to bring out the iced tea and cakes. When I came from the kitchen I stepped into my room and took out one of Alfred's letters from the desk drawer and opened it at random, as you do the Bible when you want to decide things, and put my finger down on a line with my eyes shut. This was what it was:

"—and all these years I have walked the world, blindfolded to its loveliness with the blackness that came to me when I found that you!"

I didn't read any more, but shoved it back in a hurry and went out on the porch, comforted in a way, but feeling some more in sympathy with Mrs. Johnson than I had before Aunt Bettie and her guest from Washington had interrupted our algebraic demonstration on the man subject. You can't always be sure of the right answer to X in any proposition of life; that is, a woman can't!

And, furthermore, I didn't like that next hour much, just as a sample of life, for instance. Aunt Bettie had got her joining together humor well started, and right there before my face she made a present of every nice man in Hillsboro to that lovely, distinguished, strange girl who could have slipped through a bucket hoop if she had tried

hard. I had to sit there, listen to the presentations, watch her drink two tall glasses of delicious tea full of sugar and consume without fear three of Judy's puffy cakes, while I crumbled mine in secret over the banisters and set half the glass of tea out of sight behind the wistaria vine.

It was bad enough to hear Aunt Bettie just offer her Tom, who, if he is her own son, is my favorite cousin, but I believe the worst minute I almost ever faced was when she began on the judge, for I could see from Aunt Adeline's shoulder beyond Miss Chester how she was enjoying that, and she added another distinguished ancestor to his pedigree every time Aunt Bettie paused for breath. I couldn't say a word about the fish, and Aunt Adeline wouldn't. I almost loved Mrs. Johnson when she bit off a thread viciously and said "Humph!" as she rose to start the tea party home.

LEAF FOURTH.

Monument or Trousseau?

THAT night I did so many exercises that, at last I sank exhausted in a chair in front of my mirror and put my head down on my arms and cried the real tears you cry when nobody is looking. I felt terribly old and ugly and dowdy and—widowed. It couldn't have been jealousy, for I just love that girl. I want most awfully to hug her very slimness, and it was more what she might think of poor dummy me than what any man in Hillsboro, Tenn., or Paris, France, could possibly feel on the subject that hurt so hard. But then, looking back on it, I am afraid that jealousy sheds feathers every night so you won't know him in the morning, for something made me sit up suddenly with a spark in my eyes and reach out to the desk for my pencil and check book. It took me more than an hour to figure it all up, but I went to bed a happier, though in prospects a poorer woman.

It is strange how spending a man's money makes you feel more congenial with him, and as I sat in the cars on my way to the city early the next morning I felt nearer to Mr. Carter than I almost ever did, alive or dead. After this I shall always appreciate and admire him for the way he made money, since, for the first time in my life, I fully realized what it could buy. And I bought things!

First I went to see Mme. Courtier for corsets. I had heard about her, and I knew it meant a fortune. But that didn't matter. She came in and looked at me for about five minutes without saying a word, and then she ran her hands down and down over me

until I could feel the seam just crawling off me. It was delicious!

Then she and two girls in puffs and rats came in and did things to a corset they laced on me that I can't even write down, for I didn't understand the process, but when I looked in that long glass I almost dropped on the floor. I wasn't tight and I wasn't stiff and I looked—I'm too modest to write how lovely I really looked to myself. I was spellbound with delight.

Next I signed the check for three of those wonders with my head so in the clouds I didn't know what I was doing, but I came to with a jolt when the prettiest girl began to get me into that black taffeta bag I had worn down to the city. I must have shrunk the whole remaining pounds I had felt obliged to lose for Alfred and Ruth Chester from the horror I felt when I looked at myself. The girl was really sympathetic and said with a smile that was true kindness: "Shall I call a taxi for madame and have it take her to Klein's? They have wonderful gowns by Rene all ready to be fitted at short notice. Really, madame's figure is such that it commands a perfect costume now." Men do business well, but when women enter the field they are geniuses at money extracting. I felt myself already clothed perfectly when that girl said my figure "commanded" a proper dress. Of course Klein pays Mme. Courtier a commission for the customers she passes right on to him. The one for me must have looked to her like a real estate transaction.

I spent three days at the great Klein store, only going to the hotel to sleep and most of the time I forgot to eat. Mme. Rene must have been Mme. Courtier's twin sister in youth, and Mme. Tellers in the hat department was the triplet to them both. When women have genius it breaks out all

I Was Spellbound With Delight.

over them like measles and they never recover from it; those women had the confound kind. But I know that old Rene really liked me, for when I blushed and asked her if they had a good beauty doctor in the store she held up her hands and shuddered.

"Never, madame, never pour vous. Ravissante, charmante—it is to fool. Nevalr! Jamais, jamais de la vie!" I had to calm her down, and she kissed my hand when we parted.

I thought Klein was going to do the same thing or worse when I signed the check which would be good for a house and lot and motorcar for him, but he didn't. Only he got even with me by saying, "And I am delighted that the trousseau is perfectly satisfactory to you, Mrs. Carter."

That was an awful shock and I hope I didn't show it as I murmured, "Perfectly, thank you."

The word "trousseau" can be spoken in a woman's presence for many years with no effect, but it is an awful shock when she first really hears it. I felt funny all afternoon as I packed those trunks for the 5 o'clock train.

Yes, the word "trousseau" ought to have a definite surname after it always and that's why my loyalty dragged poor Mr. Carter out into the light of my conscience. The thinking of him had a strange effect on me. I had laid out the dream in dark gray blue rajah, tailored almost beyond endurance, to wear home on the train and had thrown the old black taffeta bag across the chair to give to the hotel maid, but the decision of the session between conscience and loyalty made me pack the precious blue wonder and put on once more the black rags of remembrance in a kind of panic of respect.

I would lots rather have bought poor Mr. Carter the monument I have been planning for months to keep up conversation with Aunt Adeline than wear that dress again. I felt conscience reprove me once more with loyalty looking on in disapproval as I buttoned the old thing up for the last time, because I really ought to have stayed over a day to buy that monument, but, to tell the truth, I wanted to see Billy so desperately that his "sleep place" above my heart hurt as if it might have prickly heat break out at any minute.

So I hurried and stuffed the gray-blue darling in the top tray, lapped old black taffeta around my waist and belted it in with a black belt off a new green linen I had made for morning walks down to the drug store on the public square, I suppose. That is about the only morning disposition in Hillsboro that I can think of, and it all depends on whom you meet how much of a disposition it is.

Texas to Vote on Amendments.
Austin, Tex., July 15.—At a general election tomorrow several proposed amendments to the Constitution of Texas will be submitted to the voters of the state for their adoption or rejection. The amendment of greatest importance is one authorizing improvement districts to issue bonds by a majority vote instead of two-thirds as at present, and permitting bonds to be issued for the construction of public warehouses. Another amendment proposes to empower the legislature to prescribe salaries for State, county, district and precinct officers, abolishing the fee system.

BEARCATS WIN FROM BOY SCOUTS

Ada now boasts of a crack ball team among the juveniles known as the Bearcats. Said Bearcats crossed bats with the Boy Scouts Thursday afternoon and after an exciting game of ten innings won by a score of 8 to 7 thereby lowering the colors of the scouts for one of the very few times they have been defeated either at home or abroad. Another contest will be had in a few days at which time the Scouts will make a determined effort to regain their lost laurels.

For the Bearcats in Thursday's game Earl Jones pitched until the first half of the fifth inning and Carl Durham pitched until the first half of the ninth when Jones again took his place in the box.

Hardy Nettles, the star third baseman for the Bearcats, hit three home runs off the Scouts. The game was won largely by the crooked balls which Jones and Durham threw, also the home run hits of Nettles. The Bearcats all did good batting. This was the first time the Bearcats were on the diamond together.
